

# iGaming Platform Setup – Starting From \$0

The OS for Modern iGaming

# KODEDICE UNPACKED

## ◆ LOGAN

AI-optimized, fully managed, full-stack, and scalable casino sportsbook flagship.

## ◆ SPORTSBOOK

Enterprise-grade betting solutions built with scalability for high-volume, high-margin, & spontaneous operations.

## ◆ MINI CASINO GAMES

Proprietary casual games portfolio built mobile first for high session counts – standalone and integrable.

## ◆ LOTTERY

Single API for an integrated suite of lottery games powered with compliance, tech, and user engagement.

## ◆ PREDICTION MARKET

Real-world event prediction betting platform – fit for standalone as well as integration-ready demands.

## ◆ CASINO

Unified casino infrastructure and integration layer, multiple game selections, and centralized management.

## ◆ DAILY FANTASY SYSTEM

Skill-based games matched with operator-grade backend, live leaderboards, and automated payouts in a single API.

## ◆ RETAIL ENGINE

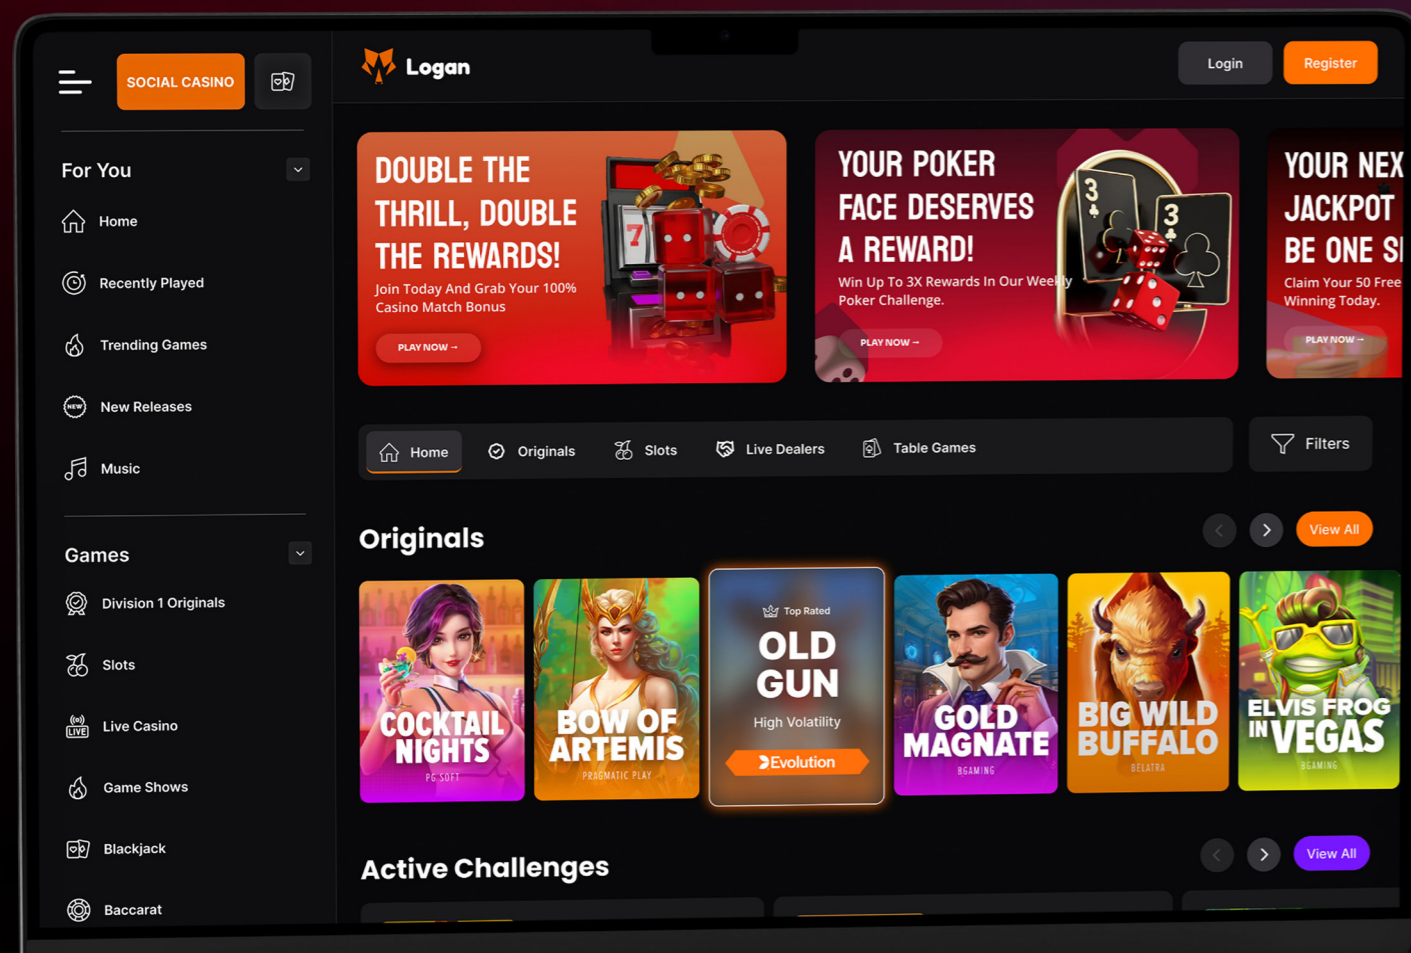

Modern retail casino betting infrastructure, equipped with sub-second latency and near real-time retail wagering.

EXPANSIVE

# LOGAN PLATFORM

*Automated, Intelligent iGaming*

A proprietary, AI-powered modular setup for **Casino + Sportsbook** – LOGAN – a single system governing **Sweepstakes, Fiat,** and **Crypto** flavors on a defined business logic.

Effective dynamic risk limits management as per event, per player, successfully in milliseconds.

Automated bonus abuse detection with LOGAN that prevents promo stacking – offering full control across gamification.

Powerful admin panel with engineering tickets for adjustments, real-time manual toggles – enabling full-spectrum control.

# ROBUST SPORTSBOOK

Sweepstakes | Fiat | Crypto | Telegram

Tech-ahead sportsbook with built-in managed services tools for streamlined global operations.

Real-time, intelligent odds personalization and automated line movements – ensuring +40% GGR optimization.

AI-powered real-time risks detection, anti-fraud implementation support aiding complete compliance.

GEO-targeted data personalization, tailored UI, and custom layouts for super-fast experience.

**25K+** Markets  
**20+** Jurisdictions

Screenshot of the Logan sportsbook interface. The interface is dark-themed and features a navigation menu on the left with icons for home, search, and various sports. The main content area is divided into sections: 'Live Event' and 'Upcoming Event'. Each section displays a grid of betting cards for different sports, including Soccer, Basket Ball, Cricket, Racing, Ice Hockey, Tennis, Kabaddi, and American Football. The cards show event details, team names, and betting odds. A 'Top Match' section on the right highlights a specific event with a 'Place Bet' button. The interface is clean and modern, with a focus on providing a seamless betting experience.

# FULL-SPECTRUM CASINO PLATFORM

*Online | Live Dealers | Telegram | Fast Games*  
*Fiat | Cryptocurrencies | Sweepstakes Modules*

- ◆ Omnichannel, all-in casino game aggregation with a single API layer aiding streamlined GEO-specific operations.
- ◆ Expansively built-in affiliate, player management modules, and best-in-class gamification aiding LTV optimization.
- ◆ Automated triggers and AI-enabled integrated anti-fraud systems for compliant and secured operations.
- ◆ Intelligent data analytics and reporting tech – powering operations, accounting, marketing, and more.
